The Tennessee Department of Labor and Workforce Development, Division of Adult Education, announces the availability of funds provided through the Workforce Investment Act of 1998: Title II; the Adult Education and Family Literacy Act (AEFLA) to deliver educational services for eligible adults seeking: basic skills upgrades in reading, writing and/or math skills; General Educational Development (GED®) exam and/or other state approved high school equivalency diploma preparation for those who have not completed high school; and English for Speakers of Other Languages (ESOL) for individuals to learn to speak, read, and write the English language.

A grant for Service Delivery Area 5, Service Delivery Area 25, and Service Delivery Area 29 will be awarded on a competitive basis for eligible providers to provide adult education services. (See map and list in Appendix 1 for Service Delivery Areas)

In this Application for Funding, all federal requirements are identified in italics. All other requirements are State.

Following the purposes and intent of the Act, local activities may include academic instruction in the following categories:

- *Adult Basic Education (ABE, Educational Functioning Levels 1-4)*
- *Adult Secondary Education (Educational Functioning Levels 5-6)*
- *Reading, writing, and speaking in English for Speakers of Other Languages (ESOL Educational Functioning Levels 1-6)*

Application packets for any eligible entity interested in applying for the adult education grant funds are included with this announcement and are available at:

<http://www.tn.gov/labor-wfd/AE/AFF.shtml>

Applicable Laws and Regulations

The funds for this grant are allocated to the Division of Adult Education by the United States Department of Education (USDOE), Office of Vocational and Adult Education (OVAE). Additional federal statutes governing local funding include the General Education Provisions

Act (GEPA) and Education Department General Administrative Regulations (EDGAR). See Resources section for websites.

A Data Universal Numbering System (DUNS) number is required for all grantees. A DUNS number is a nine-digit number established and assigned by Dun & Bradstreet, Inc. School districts and postsecondary institutions usually have been assigned a DUNS number, as well as any other potential applicants that receive funding directly from the federal government. If needed, a DUNS number may be obtained from Dun & Bradstreet, Inc. by telephone (currently 866-705-5711) or the internet (currently at <http://fedgov.dnb.com/webform>).

Grantees shall not subcontract with other entities to deliver services; however, a consortium of eligible applicants joined under one fiscal agent is allowable. Grantees may collaborate with employers, community organizations or other appropriate agencies to carry out project activities.

All awarded funds will be allocated on a cost reimbursement basis. Documentation supporting expenditures must accompany each reimbursement request.

Grantees shall ensure that auditable and adequate records are maintained which support the expenditure of all funds received through a contract with the Division of Adult Education.

The Division of Adult Education reserves the right to reject any or all applications for failure to submit an application in accordance with the instructions in this application packet or by the specified deadline. Receipt of applications by the Division of Adult Education confers no rights upon the applicant nor obligates the Division of Adult Education in any manner.

The Tennessee Department of Labor and Workforce Development, Division of Adult Education, reserves the right to contact applicants for clarification of their proposals.

The Tennessee Department of Labor and Workforce Development, Division of Adult Education, will make awards to responsible applicants who demonstrate the ability to perform successfully under the terms and conditions of this application for funding. Consideration will be given to such matters as applicant integrity, compliance with public policy, record of past performance, and financial and technical resources.

Tennessee Department of Labor and Workforce Development, Division of Adult Education, reserves the right to reject all proposals received or cancel this application for funding if it is in the best interest of the Department.

Project Period

Contracts for successful grantees will begin July 1, 2013 and end June 30, 2015. While the contract period is two years, funding will be awarded on an annual basis, will be pending availability of Federal and State funds, and may be extended at the end of the project period at the discretion of the TNDOL.

Service Delivery Areas

Only one provider will be funded for each service delivery area (SDA) unless otherwise indicated. See Appendix 1 for list and map. If a single eligible applicant applies for more than one SDA, separate funding applications and budgets must be submitted for each SDA. If a single provider is awarded more than one service delivery area, only one supervisor will be funded to supervise both or all areas.

Review of Applications

Reviewers of the applications will note the thoroughness of the proposed plan by specific criteria. Each section of the application will be evaluated and scored on the basis of completeness, clarity, and merit. Although the applicant may have provided the same or similar information in a previous section, the information should be included in each section where applicable to fully explain, answer, or clarify.

Reviewers will read and score the applications using a scoring rubric (see *Scoring Rubric* included in the appendices.) The rubric indicates the point values and items described in the Program Application Format section. The minimum score to qualify for funding is 70% or 129 total points. One eligible provider (unless otherwise noted) for each service delivery area will be recommended for funding based on scores as evidenced by thoroughness of plan, evidence of previous program effectiveness and sound, research-based practice and evaluation. Applications should follow the outline defined in the “Program Application Format” section.

Where multiple applications are received for a service delivery area that meet the minimum score and qualifications, the applicant having the highest score for that service delivery area will be

awarded the grant. In the event that no eligible agency meets the minimum score and/or qualifications for a service delivery area or if no eligible agency applies, a new Application for Funding will be posted for other eligible agencies to submit an application.

Appeals Procedures

Applicants who are not selected for funding will receive written notification.

The following procedures provide the opportunity for applicants to appeal the denial of funding for an application. Applicants who plan to appeal must follow these steps:

The Deputy Commissioner will reply in writing to your concern.
3. If the written response from the Deputy Commissioner is not satisfactory, the applicant may request in writing, a hearing with the Commissioner of the Department of Labor and Workforce Development postmarked no later than ten (10) calendar days after the receipt of the Deputy Commissioner's response. Program Accountability

All successful applicants must submit data based on the Federal requirements of the National Reporting System (NRS). Information for the NRS may be found on the web page <http://www.nrsweb.org/> Implementation of the NRS in Tennessee is through the Consolidated Management and Tracking System (CMATS). The CMATS database allows for data to be accessed and reported by sub-population, program, and class. Adult Education student attendance and educational gains must be reported in CMATS. All grantees will be allowed access to CMATS after attendance at a required CMATS training. Training and technical assistance are provided free of charge to eligible program staff.

Performance Measures

Tennessee annually negotiates core performance measures with the US Department of Education. Agencies funded under this application for funding are, as a minimum, expected to achieve the Adult Education measures for 2013-2014. Although performance measures for 2013-14 have not yet been negotiated, as a guide, the 2012-2013 performance measures are listed below. Approved performance measures will be furnished to successful applicants when available.

The performance measures outlined below indicate the percent of enrolled students who have advanced one or more functioning levels above their beginning level based on standardized pre- and post-testing using one of the assessment instruments listed in the “Participant Assessment” section.

Participant Assessment

Adult Education programs must assess students using state approved standardized pre-post assessments to report educational gain measures as indicated in previous Program Accountability section. USDOE and Tennessee approved assessments include TABE (Test of Adult Basic Education) published by CBT/McGraw Hill, BEST Literacy and BEST Plus (Basic English Skills Test) published by Center for Applied Linguistics (CAL). Students will be tested at intervals necessary to determine progress according to Tennessee's assessment policy. Assessment policy information will be distributed to selected grantees at an initial Adult Education training. Additional training may be scheduled.

The Official Practice Test (OPT) is required in Tennessee prior to students registering at a testing center for a High School Equivalency Diploma. OPT is published by Steck-Vaughn. (See websites on Resources page for publishers of the assessments listed above.)

*In this Application for Funding, all federal requirements are identified in italics.
All other requirements are State.*

Records Management

All records of fiscal transactions and accounts related to this grant will be retained for a period of five years and student records for three years. Grantees will make such records available for inspection and review by Division of Adult Education personnel and Department of Labor and Workforce Development Performance Accountability Review Team.

Fiscal Management

Amounts reported as expenditures for reimbursement must be for allowable services after the expense is incurred. Records must show that those who received services or benefits were eligible to receive them.

Funds for grants will be used to supplement and not supplant the amount of state and local funds available for uses specified in the Workforce Investment Act. The term supplanting means to deliberately reduce local funds because of the existence of federal funds.

Funding levels are subject to revision based on availability of federal and state funds. The grantee will comply with all fiscal policies.

All duties and responsibilities of state-funded adult education positions must be dedicated to adult education and literacy activities.

Allowable Expenditures

Funds for Adult Education programs are intended for direct services to individuals. Allowable expenditures under this application for funding include:

▪ Supervision

Note: Supervisor, coordinator, and clerical salaries not directly tied to classroom activities are considered administrative costs. Section 233 of the AEFLA states: *not less than 95 percent of funds shall be expended for carrying out adult education and literacy activities; and the remaining amount, not to exceed 5 percent, shall be used for planning, administration, personnel development, and interagency coordination.*

Special Rule.--In cases where the cost limits described in subsection (a) are too restrictive to allow for adequate planning, administration, personnel development, and interagency coordination, the eligible provider shall negotiate with the eligible agency in order to determine an adequate level of funds to be used for non-instructional purposes.

On the budget sheet, supervisors who perform instructional* duties should enter the percentage of their total allowable salary spent on instruction in the section marked Salary for Instructional Personnel, and the percentage of time spent on supervisory/administrative responsibilities in the Salaries for Supervisor/Coordinator. The amounts and percentages must be explained in the

budget narrative and the amount in both categories must not exceed the total eligible salary. Time and effort sheets will be required as documentation.

*Instructional duties may include direct teaching, testing, orientation, counseling students, and other instructional activities involving working directly with the students.

The local program manager/supervisor position will be paid according to the local salary schedule based on degree and years of experience contingent on available funds. Eligible organizations that do not have an established salary schedule based on degree and years of experience will be paid at the agency's established rate or at a rate comparable with other supervisory staff in the agency with similar duties, education, and years of experience. The local salary schedule must be included as an attachment with the application for funding. If the salary is based on a rate comparable with other supervisory staff, a list of titles, their duties, and their salary amounts must be included. **The supervisor is expected to spend 100% of their time on Adult Education activities and must not be assigned other duties by the local system.**

Benefits approved for reimbursement with adult education funds for full-time program managers/supervisors are Unemployment Insurance, medical insurance, retirement through Tennessee Consolidated Retirement System, Worker's Compensation, Social Security, and Medicare. If the provider does not offer the state retirement plan, a 401K plan is allowable for full-time employees if it does not exceed the amount that would normally be placed into the state retirement plan for that employee. If the provider does offer the state's retirement plan, a 401K will not be an option with Adult Education funds.

▪ **Instruction**

Funds must be used to pay for classroom instruction for eligible adult education students only (see "Target Population" page 8). All paid teaching personnel must have a minimum of a Bachelor's Degree. A Tennessee Teacher's License is required unless an exception is approved by the Division of Adult Education.

Full-time degreed teachers may be reimbursed according to the Division of Adult Education salary schedule for a teaching position. Local funds supplement the remaining salary package. (See Salary Schedule in the Appendices)

Licensed teachers paid hourly will be paid \$20/hour not to exceed the maximum amount allowed on the Division of Adult Education salary schedule and contingent on funding being available.

Supervisors have the discretion to pay AE teachers attending staff development activities pending availability of funds in their budget under the following conditions:

Part-time adult education teachers attending state-sponsored staff development may be paid their usual hourly rate up to twelve (12) hours per year and local/regional in-service up to ten (10) hours per year. New part-time teachers may be paid up to eighteen hours their first year of service and up to ten (10) hours for local/regional in-service. Full-time teachers cannot be paid for attending staff development since this is part of their job.

*In this Application for Funding, all federal requirements are identified in italics.
All other requirements are State.*

All personnel paid with adult education funds are required to maintain documentation to verify that salaries/hourly wages charged are commensurate with the amount of time devoted to the project.

The state's portion of Social Security and Medicare must be paid at the current rate for part-time employees. The State's portion of retirement may be paid on part-time employees that are currently vested in the Tennessee Consolidated Retirement System (TCRS). Any other benefits received by part-time employees must be paid by the local system and cannot be paid with Adult Education funds.

Benefits approved for reimbursement with adult education funds for full-time teachers are Unemployment Insurance, the State's portion of medical insurance and retirement, Worker's Compensation, Social Security, and Medicare.

Any additional benefits provided to other employees in the system, such as dental and life insurance, must be paid by the local system and cannot be paid with adult education funds. If the provider does not offer the state retirement plan, a 401K plan is allowable for full-time employees if it does not exceed the amount that would normally be placed into the state retirement plan for that employee. If the provider does offer the state's retirement plan, a 401K will not be an option with Adult Education funds. Employee benefit costs, while not paid directly to the employee (i.e. insurance premiums), are eligible for reimbursement to the local system.

▪ **Paraprofessional/Clerical**

Funds may be used to employ paraprofessional support for instructional services or clerical support. Note that clerical support is an administrative cost and must be included in the 5% limit on administrative costs.

Paraprofessional/clerical staff shall be paid at a rate comparable with other paraprofessional/clerical staff in the local system with similar duties, education, and years of experience.

Under no circumstances shall the rate of pay exceed the hourly rate of an adult education instructor and/or the state portion of a beginning teacher salary as listed in the current year Division of Adult Education salary schedule. (See Salary Schedule in Appendices)

Paraprofessional staff may be paid their usual hourly rate for up to twelve (12) hours of state-sponsored staff development and up to ten (10) hours of local/regional in-service per year. The state's portion of Social Security and Medicare must be paid at the current rate for part-time employees. The State's portion of retirement may be paid on part-time employees that are currently vested in the Tennessee Consolidated Retirement System (TCRS). Any other benefits received by part-time employees must be paid by the local system and cannot be paid with Adult Education funds.

Benefits approved for reimbursement with adult education funds for full-time employees are Unemployment Insurance, the State's portion of medical insurance and retirement, Worker's Compensation, Social Security, and Medicare.

Any additional benefits provided to other employees in the system, such as dental and life insurance, must be paid by the local system and cannot be paid with adult education funds. If the

provider does not offer the state retirement plan, a 401K plan is allowable for full-time employees if it does not exceed the amount that would normally be placed into the state retirement plan for that employee. If the provider does offer the state's retirement plan, a 401K will not be an option with Adult Education funds. Employee benefit costs, while not paid directly to the employee (i.e. insurance premiums), are eligible for reimbursement to the local system.

▪ **Materials, Supplies, and Equipment**

Supplementary materials should be minimal since Tennessee's existing curriculum must be used for instruction and will be provided to local programs. Assessment materials must be available. Applicant should check existing inventory for instructional and testing materials before requesting funds for these items.

Equipment for use in the AE program may be purchased if the purchase is reasonable and necessary to effectively operate the adult education program, existing equipment is not sufficient, and the cost is reasonable. Equipment over \$100 must have prior approval of the Division of Adult Education before purchasing. Any equipment purchased must be identified with a state tag and follow the Department of Labor and Workforce Development's equipment inventory policy. For applicants who have an existing program, a current equipment inventory must be submitted with this proposal if equipment is requested in the budget.

▪ **Travel**

Mileage may be budgeted for local travel between/among sites on adult education business. Mileage from home to the employee's assigned worksite or from the worksite to home is not an allowable expense. Travel must comply with the State of Tennessee Department of Finance and Administration, Policy 8- Comprehensive Travel Regulations. Since travel rates are subject to change, current travel regulations will be supplied to the fiscal agent receiving the grant.

▪ **Staff Development**

Staff Development worksheets will be provided to grantees to submit to the Division of Adult Education for approval. The approved Staff Development amount will be added to the approved budget amount.

Proposed budgets will be reviewed and items deemed inappropriate, unallowable or inconsistent with the specific program requirements outlined in the application for funding will be eliminated and/or adjusted.
